My thanks to **Nathan McCray, K9CPO** over at ARRL Headquarters for helping me find this gem!

Instructions: Anything in **bold** and UPPER case represents long sounds like **DAH**.

Everything in lower case represents short sounds like dit.

Click the tongue off the roof of the mouth to to say "ts-ts-ts," for the letter S.

Use this in conjunction with the sound-it-out cheat sheet as another way to remember the letters of the alphabet.

Phonetic alphabet accompanies the letters, pronunciation guide accompanies the numbers.
